

BRYAN REPLIES TO HIS CRITICS WITHIN PARTY

Democratic Leader Also Visibly Worried Over the Talk of Roosevelt Being a Candidate for a Third Term in President's Chair.

CAN'T SEE WHY THERE ISN'T SOMEBODY ELSE

Declares That His Views Always Meet Opposition from Some Quarters, Therefore He is Not Much Surprised.

[Publishers' Press]
New York, Sept. 1.—Hon. William J. Bryan delivered two addresses in New Jersey Saturday, speaking in the afternoon at Newark and at Jersey City in the evening. Later he returned to New York and attended a dinner given to him by the newspapermen.

Mr. Bryan was asked what he thought about the argument of certain Republicans that President Roosevelt will be the next logical Republican candidate for president. Mr. Bryan said that if it were true, as many Republicans had declared, that he had completely destroyed the Democratic party, there ought to be dozens of able Republicans who would be available as a candidate, as it would appear that almost any Republican could win with the Democratic party wiped out. There would then be no necessity of giving President Roosevelt what would be regarded by many as practically a third term. With such an easy victory for the Republicans ahead, why, he asked, should not somebody else be given a chance?

When asked what he thought of the criticism by Democrats of his idea of federal ownership of railroads, Mr. Bryan said that he had never advocated anything that was not opposed in some quarters. He was told that some of the southern Democrats seemed alarmed lest the Jim Crow cars should be eliminated by the adoption of his ideas of federal ownership.

Mr. Bryan, in reply to this, said that if the various states owned the lines within their borders the local laws would continue to be enforced. He was asked if he meant that negroes and whites would be separated if the state had a Jim Crow law, to which he replied that the state laws would naturally hold good on local lines. He did not care at this time to discuss the details of how the plan would affect the carriage of whites and negroes on the through lines under federal control. He had noticed that one citizen, who did not give his name, was very much worked up about the possible abolishment of the Jim Crow cars, but he never attempted to answer the arguments of men who did not give their names, and that he hoped to talk in various parts of the country and deal with the subject more completely than he could in a conversation.

Mr. Bryan announced a change of plan regarding his proposed trip to New Zealand. "I think I shall not go," he said, "for I have been away from home a long time, and it feels good to get back. I had intended to go there after the election, but have decided not to."

Mr. Bryan received from the American Anti-Trust league the following letter: "On behalf of the American Anti-Trust league and expressing, as we firmly believe, the sentiments of the great majority of good citizens who are opposed alike to the evils of monopolies and the dangers of socialism, we welcome you home, and express to your our gratification and appreciation for all of your great speech of Thursday night at Madison Square Garden, and more especially for your invincible stand in favor of, not to regulation, but the destruction of the criminal trusts and for the government ownership of railroads."

POLITICS AND POLICY

GOVERNOR FOLK'S SPEECH

Declares that Honesty is the Best Policy no Matter What is Being Engaged in—Missouri Executive Welcomed by Missourians in New York.

[Publishers' Press]
New York, Sept. 1.—Governor Joseph Folk of Missouri was the guest of the Missouri society of New York at a banquet in his honor, at which about 200 were present, including several women. The guests other than Governor Folk included T. L. Ruby, Samuel Untermyer, Augustus Thomas, G. P. Thompson and Benton McMillin. Governor Folk said: "The man who violates the law is neither a Democrat nor a Republican. He is a rascal. And as such he ought to be prosecuted. Politicians today are beginning to realize that honesty is the best politics, as well as the best policy. It is now generally conceded that a rascal is a rascal still, whether he calls himself a Republican or a Democrat. Partisanship is a good thing sometimes, but patriotism is a good thing all the time."

MORE PLUMS ARE GIVEN TO DEMS.

Minor City Offices Are Filled by the New Board of Works.

WHO THE NEW MEN ARE

MAYOR-ELECT SCHILLINGER IS TO BE SWORN IN MONDAY MORNING AND DEMOCRATIC WHEELS WILL GRIND.

The "deed has been did." The Democratic municipal plum tree has been shaken and about one out of every twenty who stood beneath a certain piece of the fruit, landed. It is said that the Board of Works, Mayor-elect Schillinger and his close advisers were in a great quandry because of the numerous applicants who presented claims for recognition. The selections finally agreed upon for the minor city offices are as follows:

Street Commissioner—Edward E. Dye.
Park Superintendent—Wm. F. Kloppe.
Supt. Crematory—Louis B. Felman.
Janitor City Building—Frank A. Posther.
Marketmaster—Henry A. Walterman.
Livestock Inspector—Oscar S. Padock.
Dairy Inspector—Dr. Lee C. Hoover.
Sanitary Inspector—Geo. M. Young.

The New Regime.
Mayor Zimmerman has performed his last official duty. Likewise City Treasurer Tennis, Street Commissioner Genn and other Republicans who are ousted by the Democratic forces which will step into the city hall Monday. However, today Mayor Zimmerman is still "it" for not until tomorrow morning will the formal shift take place. Then Mayor-elect Schillinger will take the oath of office and the Democratic wheels will begin to grind. The few Republicans who are left in the city hall will be gentle reminders of the party that "once was."

The Fire Department.
It is asserted that the Democratic leaders are much in favor of taking a whack at the fire department and reorganizing it on a Democratic basis, but the sentiment of most citizens against this has been so pronounced that the leaders have done nothing. Whether there will be any changes in the make-up of the department at this time is not known, excepting to the powers that be, but there is considerable uneasiness indicated. The idea prevails that the Board of Works will let the department stand for the present, but the ax may fall later.

THE PASSING OF THE LAST VETERAN FIXED FOR 1838

United States Pension Office Has Issued Interesting Statistics Relative to the Receding Ranks of Civil War Soldiers.

NEARLY MILLION LEFT AT THE PRESENT TIME

United States is Enlightened by Consul McNally at Belgium Relative to the Most Vexatious Servant Problem

[Publishers' Press]
Washington, Sept. 1.—The year of grace 1936 will see the passing away of the last veteran of the civil war, according to tables and statistics just compiled in the Pension Office. Thirty-two years from now there will be only the younger generation to keep green graves of the boys of '61 on Decoration Day, in spite of the fact that there were no less than 664,736 survivors of July 31. That the rate of decrease in their ranks from death is rapid, may be seen, however, from the figures, which show that 1715 passed away during the single month of July. As a matter of fact, it is probable that a considerably shorter period than thirty-two years will see the passing of the Civil War veterans, for the death rate is naturally increasing rapidly. At present more than two-thirds of all of Uncle Sam's pensioners are veterans of the Civil War, since the compilation of figures on July 31, which shows their number as 664,736, gives a grand total of 984,979—more than enough to populate any one of at least twenty states of the Union—to say nothing of several hundred counties of fair-sized towns. With two-thirds of the present pension list done away with one may well wonder what Uncle Sam would do with the hundred million dollars more or less which would be saved from his present expenditures. It is not beyond the range of possibilities that a new war may come along, from its inception. Then, too, the Philippines in their present state of peaceful and assimilated civilization may be counted.

Entire Pay Roll of State Institution in New York State is Wiped Out—Result of the Inquiry Into Affairs by the State Officials Recently.

[Publishers' Press]

COAL PRICES GO HIGHER IN CITY

The Dealers Meet and Decide Time Is Ripe to "Cut the Melon."

ALL VARIETIES IN LIST

THE ADVANCE FOR SEPTEMBER IS FROM 25 TO 50 CENTS A TON—PEOPLE WHO BOUGHT EARLY SAVED MONEY.

The regular September raise in the price of coal has been made and those persons who were not so fortunate as to take advantage of the low rates during the summer months, and lay in their winter supply of coal, will have to pay an advance of from twenty-five to fifty cents per ton. Owing to the fact, it is declared, that the wholesale price of coal always advances the first of September, the coal merchants of Richmond met Friday night to determine the raise that should be made in the retail price in Richmond. It was decided that a corresponding advance should be made on all varieties with the exception of Jackson, Carmel, Nut Slack and Coke, which remain at the old prices, respectively, \$5, \$6, \$2.75 and \$5.75 per ton.

The greatest advance was that on Pocahontas, which goes from \$4.50 to \$5.00. This line of soft coal is used probably more than any other, with the possible exception of Jackson and Winifrede, each of which suffered a raise of 25 cents. Practically all of the coal dealers in Richmond will abide by the raise, and the citizens of Richmond will have to pay this amount unless some of the smaller dealers make a cut in the price.

The lines of coal that will be handled by the coal dealers in the city and the August and September prices, follow:

	Aug.	Sept.
Anthracite ..	\$7 25	\$7 50
Pocahontas ..	4 50	5 00
Jackson ..	5 00	5 00
Winifrede ..	4 00	4 25
Campbells Creek ..	4 00	4 25
Thacker ..	4 00	4 25
Kanawha ..	4 00	4 25

Youghiogheny ..	4 00	4 25
Hocking Valley ..	3 75	4 00
Cannel ..	6 00	6 00
Nut Slack ..	2 75	2 75

After 30 Years Service He Will Lay Down the Sword and It Is Said He Is Dissatisfied with the Assignment.

[Publishers' Press]
Paris, Sept. 1.—According to friends of Major Dreyfus, he will resign his commission in the army next month, when he will have completed 30 years' service. He is reported to be much dissatisfied with his assignment to an administrative position in the suburbs of Paris, as he preferred active service with a line regiment. According to a close friend of Major Dreyfus, who visited him recently in Switzerland, where he is now, he intends to liquidate the pension due him, leave France forever, and devote himself to rewriting in English the history of his case. Several publishers have made offers for his manuscript, and he is said to have accepted the offer of an English firm.

MORE COMPLAINTS WERE REGISTERED

Several Railroads to Get Another Civil Service Investigation.

THE CHARGES OUTLINED

DISCRIMINATION IN RATES IS ALLEGED AGAINST SEVERAL OF THE IMPORTANT LINES—THE PENNSY INCLUDED.

[Publishers' Press]
Washington, Sept. 1.—Two additional complaints against railroads were made public by the Interstate Commerce Commission today.

One is that of the Merchants' Traffic Association of Denver against the New York, New Haven and Hartford; New York Central, Pennsylvania, Erie, Burlington, Santa Fe, Union Pacific, Wabash and other roads on behalf of the city of Denver and Colorado points, contending that the defendants exact a rate from Atlantic coast to Pacific points on calicoes, cambrics, cotton goods, etc., of \$1 per 100 pounds in car loads and \$1.50 per 100 pounds in less than carloads, whereas, the rate from Atlantic points to Denver is \$1.75 per 100 pounds with no diminution in charge on carload lots.

J. J. Wexelbaum and Company, of Macon, Ga., in a complaint against the Atlantic Coast Line, Southern Central of Georgia, Pennsylvania, Baltimore and Ohio and other railroads, avers that the rates charged by these lines for the transportation of peaches from Macon and Atlanta to Washington, Baltimore, Philadelphia and New York are unjust and unreasonable.

THE REBELLION STILL SPREADS

Cuba's Internal Troubles are Apparently Not Growing Less.

NEW PROVINCE INVOLVED

PUERTO PRINCEPE IS GREATLY DISTURBED—GOVERNOR NOTIFIES CUBA'S PRESIDENT OF LATEST WAR-LIKE TROUBLE.

[Publishers' Press]
Havana, Sept. 1.—What was reported on Friday to have been a great government victory over Col. Asbert's insurgent force in Havana province, by reports received late this evening turns out to have been in fact only a slight rebuff for the revolutionists, if indeed the loyalists themselves did not suffer an outright defeat at Col. Asbert's hands.

Asbert at the head of 600 men entered Caraballo in Havana province this morning. There were just four wounded men with the column. The statements of the insurgents showed that instead of being badly defeated at Camoo Florida as reported by the government forces they more than held their own. The four wounded are all the men lost by Col. Asbert. It was reported by the government that Asbert had lost forty, killed and wounded. The statements of the insurgents denied this absolutely.

Col. Asbert's force has grown steadily notwithstanding the fact that he has made no effort to recruit men and he is in a position to injure the government materially.

Congressman Campos Marquetti, a negro leader of insurgents reported to have entered Bahia Honda in Havana province this morning with 300 men in his hand.

Invade New Province.

Havana, Sept. 1.—The insurrection has spread to the province of Puerto Principe. Seventy men have taken up arms at Moron, that province, led by Garcia Canizares, speaker of the house of representatives, during the Liberal ascendancy in that body. The members of the band openly equipped themselves and left the town in an orderly manner. The mayor of Moron soon summoned the rural guards in the vicinity and followed the insurgents with the purpose of engaging them.

Later the governor of the province of Puerto Principe notified the authorities here that a mounted party of 200 men had taken up arms at Arroyo Blanco, near Ciego de Avilla, 22 miles southwest of Moron. This force is commanded by Delion Sanchez, an ex-revolutionary general. Governor Silva of Puerto Principe has begun

HOME MAKING IS THE GREAT WORK FOR THE WOMEN

Mrs. Virginia C. Meredith of Cambridge City, Delivers Notable Address Before Large Audience at the Chautauqua Yesterday.

CAPT. HOBSON WILL BE AT CHAUTAUQUA TODAY

Great Crowd Will Listen to a Man Who Gained Fame in Spanish-American War—Other Features of the Day.

THIS IS "HOBSON DAY."

Captain Richmond P. Hobson will be the great feature at the Chautauqua today. The biggest crowd of the Chautauqua season will be in attendance. The program of the day's events follows: 9:30 a. m.—Sunday School—Adults, auditorium, instruction by Prof. D. R. Ellabarger. Primary, Children's Tent, Miss Elizabeth Foulke. 10:20 a. m.—Sermon, Dr. Walter D. Cole. 2:30 p. m.—Address, Captain Richmond P. Hobson. 4:00 p. m.—Sacred Concert, Cleveland Ladies' Orchestra. 7:00 p. m.—Vespers. 7:30 p. m.—Address, Dr. W. D. Cole. 8:15 p. m.—Cleveland Ladies' Orchestra.

Mrs. Virginia Meredith, of Cambridge City, spoke to a very large audience composed mostly of women, at the Chautauqua yesterday afternoon on the subject of "Domestic Science." Mrs. Meredith's message was one primarily to the women, hence her audience was one which appreciated to the fullest extent just what the speaker intended should be for its benefit. The making of a home, the needs of the home and the influence of the home circle were the three most important points in Mrs. Meredith's lecture which was of deep interest and which also had the merit of being intensely practical in every way. The making of a home, Mrs. Meredith declared to be the most important business in the universe. The home being the central element in our social fabric, its influence was hence the needs for its government and management in the best possible way.

Training the Girls.
The training of girls for home-makers was regarded by Mrs. Meredith as a most important matter, yet she said that it was apparent that many families were more interested in other lines of culture, forgetting that to train the girl in the art of home-making meant an accomplishment that would be of more value to her in the days of her maturity than an education in any other thing.

"The Home is the most expensive institution in our country," said Mrs. Meredith, "for taken as a whole the money expended in our municipal and state government is not to be compared with the money spent in the home."

THE GAVEL DIDN'T STICK

Court Attaches Take Novel Way of Deciding Whether Court Shall Convene on Labor Day.

Court Bailiff John Markley and Deputy Huey of the county clerk's office took it upon themselves yesterday afternoon to supplement the Governor's proclamation in regard to Labor Day. They took a gavel, and agreed that if when thrown in the air, it stuck to the ceiling, there would be court, if not, no court, and pitched it ceiling ward. Needless to say there will be no court Monday. They did not consult Judge Fox, but the judge will agree to the decision.
